**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I support broadband competition! I use Sonic, a company that would not exist if competition was stifled. I had horrible experiences with the big providers, and prices kept going up until competition developed in the form of companies like Sonic.

Today I have service that is 100x better (and 20x faster) than what was offered before. This is all due to the competition that was supported.

Competition is good for the residential customer. Please allow it to continue!
